V. Board Member Reports

- A. Bill Winebaugh Update on Fish Logan Hollow stocked 5 12-inch muskie and 440 6-8-inch walleye on 11/2. Joe Rush, along with help from Shawn Parish, Bill, and Tim Spelde, shocked the lake just before the lake was lowered. Preliminary findings show that the RCD has a healthy fishery.
- B. Andy Warcaba Motion to approve agreement w/ Wendler for Basin Engineering Andy motioned to approve hiring Wendler to engineer the silt basin at the 22.26-acre site at Flagg Rd. to include construction design, bidding documents, and permitting in the amount of \$36,100 and Bill seconded the motion. The board approved the motion unanimously by roll-call vote. [11-19-04]
- **C. Anthony O'Brien Dock Repairs Update –** All of the docks that the RCD found out of compliance this spring have been made safe. Anthony was waiting for one dock owner who finally did enough to their dock to make it safe for now.
- D. Jeff VanQuathem Jeff talked John Vezzetti, who recommended a municipal bond for the RCD to help fund the dredging. There are three options for issuing bonds. Jeff recommended that they seek have a community meeting, perhaps in January, that would involve engineering (Joe Rush), legal counsel (Tim Zollinger), and a finance advisor (John Vezzetti).
- E. Tyler VanKirk Absent

VI. New Business

A. Wes Jaros Survey Input – The RCD board commented favorably on Wes' survey. He has put it on the POA's November agenda.

B. Timing of Lake Lowering - Shawn asked the board to consider timing the lowering of the lake earlier in the season as it is a very dangerous job to do, especially in the colder weather. He didn't know how much longer Ken Oltmanns would be willing to continue to do the job. Andy would like to continue as is. Bill is concerned that the public would be upset if the lake was lowered sooner in the year. Jeff had no problem keeping it as it is. Anthony wondered what complications there were with the boards and Shawn explained the process (each layer has 5 boards). An alternative of using a crane was suggested. Anthony said that they should look at engineering a safer way of doing it. The board discussed that when they have the engineering company perform the 2020 inspection of the dam, that they can ask for the engineering firm's advice.

VII. **Old Business**

- VIII. **Guest Comments –** Wes Jaros asked about the timeline of starting the dredging and Andy estimated 2020 or 2021. Norm Eckley suggested that they add info on the January meeting in the next newsletter.
 - IX. Motion to Adjourn: Anthony motioned to adjourn at 6:45 and Jeff seconded the motion. The board approved the motion unanimously by roll-call vote. [11-19-06]
